

Healing from the **Inside Out**

One of the key tenets of Metaphysics is the Law of Inner Cause and Outer Effect. Whatever is going on inside you (consciously or unconsciously) will show up in your world for healing so that you can move forward on your path of growth and development. Often, however, when our “stuff” shows up, we’d rather avoid it, blame others for it, or deny it instead of moving through it. On the other side of it is the peace, joy, fulfillment and prosperity that we desire. You no longer want to stay “stuck”. This 6 week practical class will help you to identify and overcome the inner barriers to the good that you desire. By developing techniques and principles to identify and transform previously unconscious blockages to your good, you can heal your thoughts, your patternings and what these energy patternings create. These techniques will be applied directly and effectively to the specific barriers that you uncover in a safe, loving and supportive environment so that you can experience the healing you desire, that brings the good you deserve.

\$175 Members / \$200 Friends (\$50 Discount for Pre-payment) or \$25 per class
