

SPIRIT SPEAKS HEALING AT THE CORE

At your core, there is a creative center, that is based on your consciousness (your thoughts beliefs, energy patterns, and vibrational frequency). This core creates your outer experiences. In order to heal your outer world, you must heal this core energy. This channeled experience will provide the spiritual energy, guidance and transformative tools to help heal at your creative core. Come get the insights from Spirit that you need to help you identify, release, and transform core energies that are creating something you are not enjoying. Healing is a fascinating and dynamic process. Come learn more from Spirit about healing, and how to heal your life. Experience powerful healing energy, and ask questions about healing and about your own concerns in this healing and enlightening forum. This class can be combined with "Healing from the Inside Out", which will be held on Thursday nights to amplify and accelerate your healing journey.

Suggested Donation \$175 Members / \$200 Friends (or \$25/30 per class). \$50 discount for preregistration with prepayment. This class can be taken with "Healing from the Inside Out" for the same price (two for the price of one).
